

THE INSIGHT

A NEWSLETTER INITIATIVE FROM IDEA

MAR - APR 2025 EDITION

EDITOR'S NOTE

Welcome to the Industrial Engineering and Management Department Newsletter! This newsletter is designed to keep our department community informed, engaged, and connected. Each issue will bring you the latest updates on department events, curriculum enhancements, research breakthroughs, and student and faculty achievements that highlight the depth of talent within our department.

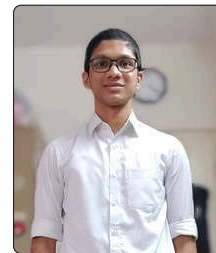

We aim to foster a strong sense of community by sharing social events, collaborative opportunities, and networking platforms to engage with fellow students, faculty, and alumni. Additionally, this newsletter will serve as a career development hub, offering insights into internship opportunities, job listings, industry trends, and professional growth resources tailored to the ever-evolving field of industrial engineering and management.

Furthermore, we will highlight academic and extracurricular pursuits including activities of student clubs, technical societies, hackathons, and competitions, encouraging active participation in both. Whether you're looking for opportunities to enhance your skills, collaborate on groundbreaking projects, or stay updated with the latest research and industry advancements, this newsletter is your go-to source.

Stay connected, stay inspired, and join us as we celebrate the achievements, innovations, and opportunities that shape the future of industrial engineering!

ACHIEVEMENTS

NIKHITHA SUNIL

Nikhitha and team participated in the IoT Competition organized by Innovians Technologies at Technex'25, IIT Varanasi, on March 2, 2025. Their project, "Smart Home Automation Using RFID and Solar PV," was selected after winning the zonal round held at RVCE's EEE department. Technex'25 was an inspiring event, showcasing groundbreaking innovations making it an unforgettable experience.

NINGRAJU M. | SRIRAM HEGDE

The team participated CASE ALCHEMY conducted by BITS, Goa Campus which focused on solving real-world industrial challenges. The team had to act as strategy consultants and develop a comprehensive 5-year strategic roadmap for a company manufacturing components used in EV batteries. The case involved analyzing industry trends, identifying key growth opportunities, and proposing sustainable, scalable business strategies.

Team Name: Equilibrium, Total Registrations: 444 teams

Result: Secured 1st Place

SAI SAMYAM

Sai Samyam V, 7th semester student represented Team "Karnataka" and secured the bronze medal at the 1st Under-23 National Basketball Championship held in Guwahati, Assam, from March 18 to 24, 2025.

ABHISHEK S | CHINMAYA NADIG

As part of Materials Management Day celebration, the Indian Institute of Materials Management (IIMM) organized a quiz competition on 19th April 2025 at its Bengaluru office. The event focused on key areas including Supply Chain Management, Export and Import, General Management, and Current Affairs. The team secured the First place in the quiz.

ESHWAR R | T ANKSHITH SHETTY

As part of Materials Management Day celebration, the Indian Institute of Materials Management (IIMM) organized a quiz competition on 19th April 2025 at its Bengaluru office. The event focused on key areas including Supply Chain Management, Export and Import, General Management, and Current Affairs. The team secured the second place in the quiz.

PRIYANSHU KUMAR

Priyanshu Kumar of 4th semester secured 3rd place in the 12-hour Hackathon "Tech-Tank" organized by Google developers group and ACM, RVCE. He served as the Team Lead for the group.

GOHITHA MAHESHWARI J

Ms. Gohitha Maheshwari J, 8th Semester secured First Place in the Technical Essay Competition organized by the Indian Institute of Materials Management (IIMM), Bangalore Branch on 23rd April 2025, on the occasion of Materials Management Day. The essay focused on the Indian perspective of sustainable supply chains, highlighted global trends, and emphasized the key role of industrial engineers in driving sustainability. This achievement brings great pride to the department and reflects the growing importance of sustainability in industrial engineering.

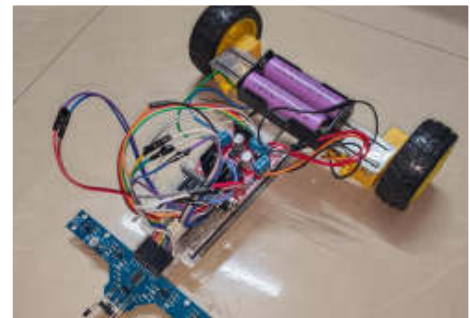

VINAYAKA HEGDE

Vinayaka Hegde participated in a street play competition as part of Incident the annual cultural fest of NITK, Suratkal held during 6th - 9th March 2025. The competition involved intense practice sessions, multiple run-throughs, and a lot of team coordination.

DIKSHA KARAN | VISHAL

The team participated in Line Follower Bot Competition on 10th April 2025 organized by New Horizon College of Engineering, Bangalore. Building a robot from scratch that could follow a path on its own felt both challenging and fun.

DHANUSH A P

Final-year student is undertaking a 6-month ASA Programme-funded project titled "Ready for Change?" in collaboration with FH Dortmund, Germany, under the guidance of Prof. Dr. Stephan Weyers, Prof. Dr. Tim Gruchmann, and internal mentors Prof. Dr. K. N. Subramanya and Prof. Dr. Vikram N Bahadurdesai. The project focuses on developing a Circular Economy Readiness Index (CERI) to assess industry readiness in India, Germany, and Colombia, aiming to fill the gap in sector-specific CE assessment tools and support ESG reporting and sustainable strategies, with funding of €6,835.

Tata Technologies and RV College of Engineering (RVCE) have signed an MoU to establish the Center for Invention, Innovation, Incubation & Training (CIIT) on the RVCE campus in Bengaluru. This first-of-its-kind initiative in southern India aims to bridge the gap between academics and industry by equipping students with smart manufacturing and Industry 4.0 skills. Tata Technologies is investing ₹50 crore, with RSST contributing ₹10 crore.

The CIIT will offer hands-on training through advanced industrial infrastructure, integrating classroom teaching, e-learning, lab training, and real-time assessments. It aims to develop industry-ready engineers, technicians, and operators. The center will also support faculty development, regional industries, and MSMEs through continuous training, startup incubation, and mentorship. RVCE Principal Dr. K. N. Subramanya highlighted the initiative as a model for innovation-driven, future-ready technical education.

Aditya Birla fashion and retail Ltd (ABFRL), Ramanagara to understand the garment processes and propose a curated awareness focusing on “Applications of AIML for the executives of ABFRL” on 19th March 2025.

Faculty Achievements

Dr. N S Narahari was felicitated for superannuation on 18th March 2025

Dr. Vivekanand S Gogi was felicitated for obtaining Doctoral degree on 18th March 2025

Dr. Vijayakumar M N was felicitated for filing Patents on 18th March 2025

Dr. Subramanya K N completed the 5-day MCLS training program for consultants.

Dr. Rajeswara Rao K V S completed the 5-day MCLS training program for consultants.

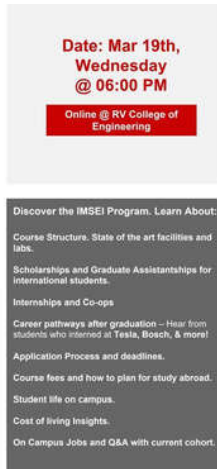

Dr. Shobha N S completed the 5-day MCLS training program for consultants.

Dr. Ramaa A attended Strategic Leadership Masterclass

WORKSHOPS/SEMINARS

Conference / Events Organized

Women's Day Talk on Empowering Women Through Financial Literacy: Achieving Gender Equality (SDG 5) by Ms Shreya Mrigen

Department of IEM organized a seminar on IMSEI program, covering key aspects such as course structure, scholarships, internships, career prospects, and the application process on 19th March 2025.

Dr. Vikram N. B. was actively involved in the conduction of a Three-Week “International Certification Course on Smart Manufacturing” organized in association with FH Dortmund University, Germany. The course was conducted at RVCE, Bengaluru, from 17th Feb. 2025 to 7th March 2025.

Prof Bhaskar M G arranged a session by Meena Sonea, CEO of Aspire Institute along with Sashi Gundala and Nithya, Directors of Aspire leadership program, India on 17th March 2025 in the Civil Seminar hall for 4th Semester students of IEM, ME, AS departments.

Dr Ramaa. A - organising committee member for 5-Day Faculty Development Programme on Embracing the change for Academic Excellence organized by IQAC during 3rd to 7th March 2025

Invited Talk delivered by the Faculty

- **Dr. K N Subramanya** delivered a talk on “Going forward with Lean” during Lean Manufacturing Consultant Training Program conducted by NPC, Bengaluru on 11th March 2025.
- **Dr. Rajeswara Rao KVS** delivered a talk on UHV: Harmony in Nature for IV sem EIE students on 11th March 2025.
- **Dr. C K Nagendra Guptha** delivered a talk on “Inventory Management” during Lean Manufacturing Consultant Training Program conducted by National Productivity Council, Bengaluru under the MSME Competitive (Lean) Scheme during 10 - 14 March 2025 RV College of Engineering on 11th March 2025
- **Dr. N S Narahari** delivered a talk on “Andon Systems” during Lean Manufacturing Consultant Training Program conducted by National Productivity Council, Bengaluru under the MSME Competitive (Lean) Scheme during 10 - 14 March 2025 RV College of Engineering on 11th March 2025
- **Dr. Ramaa A** delivered a talk on UHV: Harmony in Family for IV sem EIE students on 28th April 2025.

Any other Information

- **Dr. Shobha N. S.** coordinated a knowledge-sharing session led by Lokesh Venkataswamy on "Implementing ISO 56000: Effective Strategies for Managing Innovation Across Diverse Organizations." The session was organized by the ISQ Bangalore Chapter on March 22, 2025.
- **Dr. Vivekanand S Gogi** sessioned a chair in the International Conference on Advances in Mechanical Engineering & Material Science (ICAMEMS – 2025) on 10th and 11th March 2025.
- **Dr. N.S.Narahari** chairing the session titled TS 03: Emerging Techniques in the 2nd International Conference on Business Intelligence and Data Analytics (BIDA 2025) for 2nd International Conference on India during April 12-13, 2025
- Department of IEM experimented with conducting **“Product Design and Development Lab- 21IM72”** in “Exhibition Mode” for the first time on 22nd March 2025. The event was successful and was attended by several faculty members from the institution.

GERMANY VISIT

“International Collaboration visit to Germany” from 22.03.2025 to 03.04.2025. Visited THWS, Rosenheim and FH Dortmund university for Academic and Research collaborations.

Delegates Visited from RVCE

- Sri. Nikhil A Murthy, Assistant Secretary, RSST
- Dr. K N Subramanya, Principal, RVCE
- Dr. Nataraj J R, Dean Global Partnership
- Prof. Badrinath K, Professor, Dept. of Computer Science
- Dr. Vikram N Bahadurdesai, Program Coordinator, RVCE-Indo German Collaborative Cell

Points discussed:

- Renewed MoU with THWS.
- RVCE accorded THWS as “STRATEGIC PARTNER”
- Academic and Research Collaboration possibilities between RVCE & THWS was extensively discussed.
- Joint Proposals and Publications
- Asst. Secretary-RSST invited THWS to participate in IEEE Conference-CSITSS-2025
- THWS offers BE program in Hydrogen Technology in association with Jordan Univ.
- World-Twin programme for Robotics
- Alumni Chapters in India

RVCE proposed joint 4 micro credential courses.

- a) Smart Manufacturing
- b) Edge Computing
- c) Supply Chain Analytics
- d) Autonomous Vehicle Technology

With Delegates of FH Dortmund

With Delegates of THWS

With Delegates of Rosenheim
